

Jones Bridge Rd Merge Lane Extension

From State Bridge Road to Morton Road

PROJECT OVERVIEW

850-foot extension of Jones Bridge Road merge lane, southward from State Bridge Road to Morton Road.

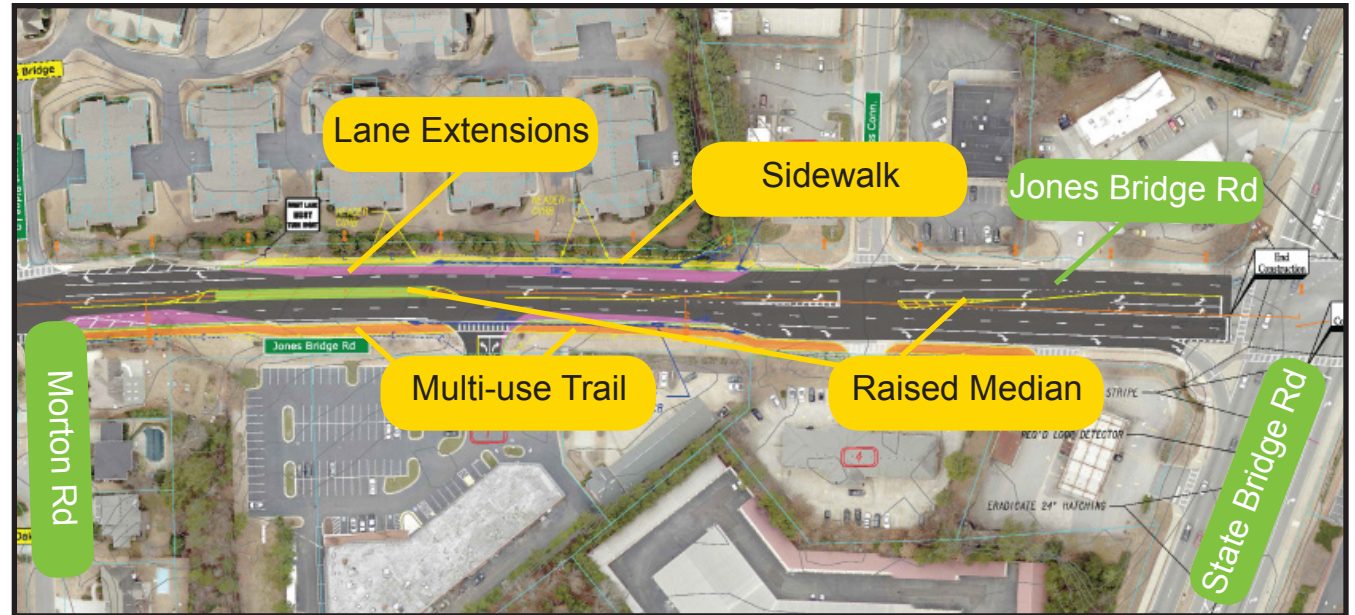

PROJECT TIMELINE

Johns Creek City Council approved the project on August 10, 2015.

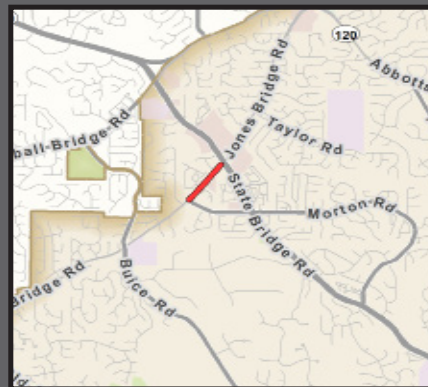

The project is scheduled to begin in September and finished in late May 2016.

KEY POINTS

- New merge-lane extension allows more time for south-bound motorists to ease into traffic flow.
- Motorists will have an additional 850 feet to merge into the single southbound lane.
- Reduces congestion at the Jones Bridge/State Bridge intersection
- Merge lane eventually will become part of a project to widen Jones Bridge Road from two to four lanes between State Bridge and Waters roads.

PROJECT LOCATION

ADDITIONAL IMPROVEMENTS

- Project also consists of a second northbound lane for the entire project length
- Westbound approach of State Bridge Rd to be restriped to allow for a dual left turn lane onto south bound Jones Bridge
- 5-foot sidewalk on the west side
- 8-10-foot wide multi-use trail on the east side
- Drainage improvements
- Resurfacing
